

Welcome Guide

Photography by Derek Blanchard

About Real Life Photos

My name is Derek Blanchard and I am a photographer and graphics designer living in Mayetta, KS. My passion for photography and designing is strong. I got started in digital photography in 2008 and started my own business in 2014 while still working a full-time job as a retail meat cutter. I left the meat cutting business in 2017 to go back to school for graphic design. I graduated in December of 2018 with my Adobe certification in InDesign, Illustrator, and Photoshop. Along with attending school full-time I have been able to focus my attention on my photography and grow the business. My favorite part of photography is capturing those real life moments with your family, friends, and loved ones. Another amazing part about photography is creating images that families will have to look back on for the rest of their lives. Images like your son or daughter's senior portraits or family portraits and that very special day when you decide to join together in marriage. With a lot of other photographers out there, how do you know who to trust and who to avoid? When searching for a photographer you must first like their images. Second, you must meet with them to see if you're comfortable with their personality. I am an award winning photographer with years of experience in capturing amazing images. I have a confident and easy going personality that I use to work with my clients to make sure I provide them with amazing images they will love and cherish forever. Now that I have shared some about myself, I invite you to check out my work. If you are interested in having your best real life moments captured then I would love to meet with you and plan out your portrait session or special event. To see more of my work scan the QR code or go to reallifephotos.net.

“Derek is an amazing photographer. He is very knowledgeable about how to make your photos look their best. We had a family session with him and he had so many great ideas on where we should stand and where the light was hitting everything. He gave us a quality product and he was well worth the price we paid for his services. I highly recommend him for any photos you might need taken.” Randa LeAnn Mitchell

“Derek has been wonderful to work with this far in my wedding planning. He did such an outstanding job on our engagement photos that I cannot wait to see what he does with our wedding photos. He was able to capture some beautiful and captivating moments. He even got our 10 month old to smile and snapped a few of her by herself. Ladies if you are planning a wedding or need some photos taken don’t hesitate to hit Derek up.” Kendra Guilfoyle

“The real act of marriage takes place in the heart, not in the ballroom or church or synagogue. It’s a choice you make-not just on your wedding day, but over and over again-and that choice is reflected in the way you treat your husband or wife.” - Barbara de Angelis

“Love is friendship that has caught fire. It is quiet understanding, mutual confidence, sharing and forgiving. It is loyalty through good and bad times. It settles for less than perfection and makes allowances for human weaknesses.” - Ann Landers

Investment

- ★ Save the date cards & magnets available upon request.

We bring studio lighting to all indoor weddings. Because of this we prefer to do all formals prior to the wedding. We can set up a private location of your choice at your venue so that the bride and groom will have a special "first look".

A \$600 non-refundable retainer fee is due upon reserving the wedding date and time. The remainder may be paid in two payments but must be paid in full 30 days prior to the wedding.

Family

Ultimate
